Stamp 1G (Third Level Graduate Programme) application submitted August 2026; decision pending.

SUMMARY

Sales operations analyst with three years at Schneider Electric, including two years owning Salesforce reporting, CRM hygiene and target planning for a 15-person B2B sales team. Built the EUR 47.7M territory and target framework used as the baseline for monthly deal prioritisation, and replaced manual weekly reporting with a Tableau dashboard that cut leadership review prep from ~6 hours to under 30 minutes. MSc Business Analytics, Trinity College Dublin (2026).

EXPERIENCE

Schneider Electric India Pvt. Ltd.

Gurugram, India

Sales Operations & Commercial Analyst

May 2023 – Jul 2025

- Built a EUR 47.7M territory pricing and target framework across 13 industry verticals and 12+ product lines, setting YoY growth rates and KAM-level targets that became the baseline for monthly deal-prioritisation meetings.
- Owned the team's Salesforce reporting layer: built a Tableau KPI dashboard from monthly Salesforce exports tracking pipeline health, top-10 priority orders, rep performance, MoM target attainment and YoY growth for 15 reps and the senior GM; added custom Salesforce fields for YoY revenue tracking. Target-achievement rate improved 20% on MoM/YoY comparison.
- Replaced weekly manual Excel reports for 4 regional sales managers with the Salesforce-fed dashboard, cutting leadership review prep from ~6 hours per week to under 30 minutes.
- Ran CRM hygiene end-to-end across ~30 enterprise and government accounts (NTPC, NHPC, BHEL, Voith, Flovel): monthly data-quality reviews, stage-progression audits and pipeline accuracy checks before month-end forecast reviews; quarterly account-health reviews contributed to a 15% retention improvement.
- Owned monthly reconciliation of Salesforce pipeline data against finance payment-collection reports, closing revenue-tracking gaps between the sales and finance views of each account.
- Sized a EUR 45M addressable market across Green Hydrogen and Battery Energy Storage using public filings and competitor benchmarking to inform the regional go-to-market plan.
- Built cost models, margin analysis and reverse-auction pricing for two enterprise contracts, supporting EUR 675K (FY24) and EUR 810K (FY25) in closed revenue.

Graduate Engineering Trainee

Aug 2022 – May 2023

- Rotated across sales, technical and client-engagement teams; prepared proposals, competitor research and solution recommendations for B2B industrial clients.

EZ Living Furniture

Dublin, Ireland

Giftware Sales Advisor (Part-time)

Nov 2025 – Present

- Built an Excel stock reconciliation across 379 giftware SKUs, replacing paper-based tracking; presented the analysis to store management with proposals for stock-accuracy and slow-mover reporting.

EDUCATION

MSc Business Analytics | Trinity College Dublin

2026

- Industry capstone, EY Ireland-mentored (Apr 2026 – Jul 2026): gathered requirements with EY stakeholders and built a classifier and Streamlit dashboard scoring 267 environmental claims (macro F1 0.678).

B.Tech Electrical Engineering | Jamia Millia Islamia

2022

- First Class with Distinction, CGPA 9.71/10; recognised at NFQ Level 8 (QQI)

SKILLS

- **CRM & BI:** Salesforce (reports, dashboards, custom fields), Tableau (LOD, calculated fields, set actions), Power BI, Excel (Power Query, XLOOKUP, pivot tables), SQL (MSc coursework)
- **Sales operations:** pipeline and forecast reviews, CRM hygiene, territory and target planning, market sizing, pricing and margin analysis, CRM-to-finance reconciliation

ACHIEVEMENT

Accenture Ireland Case Study Competition, National Finalist (Mar 2026): one of 8 teams nationally; go-to-market strategy for a premium Irish whiskey brand.
